CONSENT DETERMINATION OF THE AUTHORITY

---

[1] The parties have advised the Authority that they have reached a settlement of all issues between them, the terms of which are recorded in a confidential settlement agreement (the Settlement), signed by the representatives. They ask the Authority to issue a consent determination regarding the terms of the Settlement and make a non-publication order to preserve the confidentiality of those terms.

[2] By consent the terms of the Settlement become orders of the Authority which are final, binding and enforceable.

[3] For the purposes of preserving confidentiality, under clause 10 of Schedule Two of the Employment Relations Act 2000 I order that the terms of the Settlement shall not be published except for the purposes of enforcement. The Settlement will be held on the Authority's file.
